

## P.V.A. Working with the Kookaburra Kids Foundation Supporting Children of Australian Defence Force Members

The funding for the Kookaburra Kids program serving and ex-serving ADF families affected by mental illness has been extended for a further 3 years. To celebrate and support children throughout the country, the Kookaburra Kids program will be branching out to Victoria and South Australia during 2019! We are planning to open the Victoria office from January 2019, and the South Australian office from June 2019.

Kookaburra Kids is always happy to spread the joy on social media platforms, and we would greatly appreciate it if you would be happy to share our details through your social media links. We currently have a presence on Twitter, Facebook, and Instagram; you are welcome to link your post to ours through a hash tag. Our social media accounts are available to be linked below, or alternatively through these links...

<https://www.facebook.com/kookaburrakidsfoundation/> <https://twitter.com/kookaburrakids?lang=en> <https://www.instagram.com/kookaburrakids/?hl=en>

The program will be open to children, aged 8 – 18 years, who have a parent with a mental illness as a result of their military service. The program is free for eligible children to attend.

**To find out more about the program or to register a child go to**
